University of Toronto

<https://archive.org/details/31761096329370>

This toothy little character symbolizes the Academy's teaching theme for 1963-64. Knowledge of occlusion from the viewpoint of Periodontics, Orthodontics, Prosthodontics and Reconstructive Dentistry is the key to better dental practice.

In 1963-64 the Winter Clinic and the Stated Meetings will cover these phases of dentistry so that a year from now you will have completed a broad course of study of occlusion in modern dentistry.

CALENDAR OF DENTAL MEETINGS

1963

- Oct. 4 — North Toronto Golf Tournament — Summit Golf and Country Club
- Oct. 9 — West Toronto Dinner Meeting — Mayfair Inn
- Oct. 18 — ACADEMY OF DENTISTRY GOLF TOURNAMENT, ST. GEORGE'S GOLF AND COUNTRY CLUB
- Nov. 5 — Central Toronto Dental Society — Dinner Meeting
- Nov. 8 — ACADEMY OF DENTISTRY DINNER DANCE, BAYVIEW COUNTRY CLUB
- Nov. 19 — North Toronto Dental Association Opening Dinner, Granite Club
- Nov. 28 — ANNUAL WINTER CLINIC, ROYAL YORK HOTEL

1964

- Jan. 21 — North Toronto Dental Association Scientific Night, St. Margaret's Anglican Church
- Jan. 30 — FIRST STATED MEETING, FACULTY OF DENTISTRY AUDITORIUM
- Feb. 13 — West Toronto Dental Society, Dinner Meeting — Mayfair Inn
- Feb. 27 — SECOND STATED MEETING, FACULTY OF DENTISTRY AUDITORIUM
- March 3 — Central Toronto Dental Society Dinner Meeting
- March 12 — ACADEMY OF DENTISTRY CURLING BONSPIEL — BEAVER CURLING CLUB
- March 19 — THIRD STATED MEETING, FACULTY OF DENTISTRY AUDITORIUM
- Apr. 8 — ANNUAL DINNER, ROYAL YORK HOTEL
- Apr. 21 — North Toronto Dental Association Ladies' Night — Inn on the Park
- Apr. 25 — West Toronto Dental Society Ladies' Night
- May 10-13 — O.D.A. Convention, Royal York Hotel
- June 1 — West Toronto Dental Society Golf Tournament, St. George's Golf and Country Club

OFFICERS OF THE ACADEMY OF DENTISTRY 1963-64

President — Robert M. Grainger, 124 Edward Street	928-2817
Past President — John H. Mullett, 219 St. Clair Ave. West	WA. 3-6043
	Home HU. 5-0086
President-elect — J. E. Carson McGowan, 120 Eglinton Ave. East	HU. 1-6521
	Home BA. 5-3646
Secretary — Murray Cornish, 151 Eglinton Ave. West	488-1233
	Home HU. 3-0916
Treasurer — Morley G. Hardy, 1048½ Kingston Road	OX. 9-3910
	Home AM. 1-2458

Representative to the Toronto Nutrition Committee	Miss Doris Berry
Executive Secretary — Mrs. N. H. Montgomery,	
	230 St. George Street, 924-8041

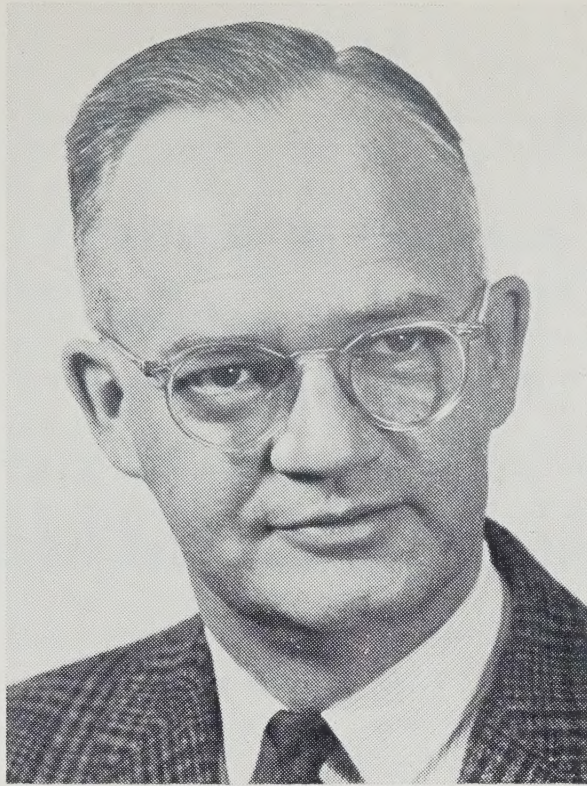

President's Foreword

The 1963-64 Year Book of the Toronto Academy of Dentistry clearly shows how the scope and intensity of this organization's functions have grown. The Toronto Academy membership now includes nearly one third of Ontario's dentists. The work of the various committees covers public health, emergency service, insurance, mediations, dental assistants' training, indigent services, dentist education, social and recreational activities, convention excursion planning.

We are convinced that possession of knowledge together with a sense of public responsibility are the most important things that distinguish a profession. The services mentioned above are evidence that this society takes its responsibilities seriously and in the future the Academy plans to strengthen its educational activities. As a beginning in 1963-64 an integrated course on "Occlusion" from the viewpoint of the Periodontist, the Orthodontist, the Prosthodontist and the Operative Dentist will be presented. A short outline and reading reference list will be distributed early this fall. By next spring those attending all the meetings, and who do a little homework will have greatly improved their understanding of "Occlusion" from the practitioner's viewpoint.

On behalf of the Council may I express the wish that every Academy member will find this year's program provides the fellowship, services, and opportunities for learning that our profession needs to keep it strong.

ROBERT M. GRAINGER,
President.

DR. ROBERT M. GRAINGER — BIOGRAPHY

Dr. Grainger was born in Burlington, Ontario in 1919 where his father Dr. J. W. Grainger (OT8) practised dentistry. He attended high school in Hamilton and took his pre-dental University course at McMaster University before continuing on to Toronto to graduate in 1943. After serving in the Dental Corps for the duration of the war he returned to Hamilton and general practice. In 1949 he took the diploma course in Dental Public Health, followed by the M.Sc.D. majoring in statistics. After graduation until 1959 he was employed in the Medical Statistics Division of the Ontario Health Department as dental research consultant, then joined the University of Toronto staff. Dr. Grainger currently holds a dual appointment as Professor in the Research Division of the Faculty of Dentistry and in the Epidemiology Department of the School of Hygiene.

Dr. Grainger is Co-Director of the Burlington Orthodontic Research Centre, a member of the Panel of Experts of the World Health Organization, a member of the Special Commission on Oral and Dental Statistics of the Federation Dentaire Internationale, Consultant to the Council on Dental Therapeutics of the American Dental Association, a member of the Dental Study Section of the United States Public Health Service, and on the Dental Committee of the Canadian National Research Council. He has published scientific papers in various fields of dental research and holds membership in several international scientific societies including: The Biometric Society, The International Association for Dental Research, and The Society of Cranio-Facial Biology.

Dr. Grainger is married to the former Catherine M. Wark of Hamilton and has two children. He is a member of Armour Heights Presbyterian Church where he is an elder and teaches a teen-age Sunday School class. His hobbies include building and sailing boats, photography and radio.

DRESS — BLACK OR WHITE TIE

WINTER CLINIC DAY

Thursday, November 28th, 1963

Royal York Hotel

The summer is over now. Long winter months and concentrated effort are ahead. What better place than here, at the Winter Clinic, to rejuvenate yourself professionally, to restore your enthusiasm and skill for better dentistry and a satisfying winter! The best available clinicians will be there. Make sure YOU are there too.

Following the basic 1963 theme of occlusion, the Winter Clinic will feature an outstanding orthodontist, to lead off the presentation with an appraisal of occlusion from the point of view of the orthodontist.

A specially fine clinician in the field of operative dentistry, Dr. W. Eames, is going to deal with amalgam—in a manner that will demand your attendance. A proper appreciation and manipulation of amalgam is a cornerstone of good dental practice.

FIRST STATED MEETING
FACULTY OF DENTISTRY

8:15 P.M.

THURSDAY, JANUARY 30th, 1964

Essayist: SIGURD P. RAMFJORD,
L.D.S., Ph.D., M.S.

Topic: "Occlusion in Periodontics"

Although trauma from occlusion will not alone produce gingival inflammation and periodontal pockets, traumatic occlusion is an important factor in accelerating and contributing toward pocket formation in the average mouth. Traumatic occlusion is very significant for the prognosis of teeth with advanced periodontal involvement.

The principles and technics for occlusal adjustment will be outlined. Indications and extent of grinding will be suggested.

Biography:

Dr. Ramfjord graduated from the University of Oslo School of Dentistry in 1934. He practised in Oslo until he came to the United States in 1946 as a graduate student. He received an M.S. degree in Periodontics from the University of Michigan in 1948 and a Ph.D. in Oral Pathology in 1951. Presently he is Professor of Periodontics and Chairman of the Department at the University of Michigan School of Dentistry.

Dr. Ramfjord has given a large number of lectures and courses in Periodontics and Occlusion in the United States and several foreign countries, and has written approximately 35 papers on these subjects.

He is a member of several professional societies, is the 1963 President of the American Academy of Periodontology, and other positions he holds are National Consultant for the Air Force, Consultant for the Veterans Administration Hospital in Ann Harbor, and Diplomat for the American Board of Periodontology.

SECOND STATED MEETING
FACULTY OF DENTISTRY
THURSDAY, FEBRUARY 27th, 1964

8:15 P.M.

Essayist: DONALD KEPRON, B.Sc.,
D.D.S., M.Sc.

Topic: "Essentials of Occlusion in
Fixed Restorations"

This essay is intended to review the classic concepts of crown and bridge dentistry stressing particularly the importance of restoring and maintaining proper occlusion.

Biography:

Dr. Kepron graduated from the University of Manitoba with a B.Sc. Degree in 1947 and was a lecturer in Physics at St. Paul's College, Winnipeg in 1948. In 1949 he was Assistant to the Physical Director at the University of Manitoba.

In 1954 Dr. Kepron graduated from the Faculty of Dentistry at McGill University as a gold medallist and won a Kellogg Foundation Fellowship for further study of prosthetic dentistry at the University of Michigan 1954-56, where he earned his M.Sc. Degree. He was Assistant Professor of Prosthetics at McGill from 1956-59, and is now engaged in full time practice in Montreal.

Dr. Kepron is a member of the Montreal Dental Club; Montreal Dental Forum Study Group; American Prosthodontic Society; Chicago Dental Society; American Dental Association and the New York State Academy of Dental Practice Administration.

THIRD STATED MEETING

FACULTY OF DENTISTRY

8:15 P.M.

THURSDAY, MARCH 19th, 1964

Essayist: EDWARD DOWNTON,
D.D.S., B.Sc. (Dent.)

Topic: "*Essentials of Occlusion in
Prosthodontics*"

The function and maintenance of a full denture is vitally affected by the establishment of the correct occlusal plane and balance.

Biography:

Dr. Edward Downton graduated from the Faculty of Dentistry, University of Toronto in 1944 and served in the Royal Canadian Dental Corps. He continued to be intensely interested in Prosthetic Dentistry and returned to the University in 1952 for a Bachelor of Science Degree.

He is Acting Head of the Prosthetics Department at the Faculty of Dentistry, University of Toronto, and Consultant to the Prosthetics Department of the Toronto General Hospital. He also runs a consultant practice in Toronto.

Dr. Downton is a member of the American Prosthodontic Society, the American Equilibration Society, Canadian Prosthodontic Society and Omicron Kappa Upsilon Fraternity.

ANNUAL DINNER MEETING

CONCERT HALL — ROYAL YORK HOTEL

Wednesday, April 8, 1964

Fellowship Hour 6:00 p.m.

Dinner 7:00 p.m.

The 1964-65 Council will be inducted into office at this meeting, and following this, the Honorary Life Membership will be awarded to Dr. Don W. Gullett, Secretary of the Canadian Dental Association.

PLEASE PLAN TO ATTEND

CHAIRMEN OF ACADEMY COMMITTEES

Public Relations and Fellowship	J. J. Brake
Referee Board on Dental Care — Ladies' Auxiliary	W. G. Jarjour
Study Groups, Housing and Equipment	T. A. Fisher
Year Book	G. C. Stirling

REPORTS

DENTAL ASSISTANTS EVENING COURSE

The Dental Assistants' Course was conducted in larger facilities at the Ryerson Institute of Technology. The successful programme was concluded by a graduation ceremony at the Faculty of Dentistry, the diplomas being presented by Dr. W. G. Bruce, President of the Royal College of Dental Surgeons.

The course provides a basic background in the sciences and arts of dentistry, and we ask the Profession's co-operation in recognizing the certificate presented to the graduate.

GORDON M. MARSHALL, D.D.S.,
Chairman.

DENTAL PUBLIC HEALTH COMMITTEE

Last year the Dental Public Health Committee had a very successful year and the Academy of Dentistry wishes to thank all those responsible for the tremendous effort put forth which will enable metropolitan Toronto to fluoridate its municipal water supply.

Dental Health Day this year is Wednesday, March 11th, 1964, during National Health Week, and we hope you will again co-operate with your Dental Public Health Committee in its effort to promote better dental health care for your patients.

INSURANCE COMMITTEE

The past year has been a most active one in the insurance field. Sickness and Accident, and Office Overhead benefits have been increased by our underwriters (Continental Casualty). The Academy plans compare most favourably with competitive plans being offered the dentist. It is important to note that Office Overhead Insurance pays only the cost of office maintenance while the dentist is incapacitated. The rates for this type of insurance are much cheaper than for Sickness and Accident. However, Office Overhead does not pay the dentist a salary while he is sick. Sickness and Accident Insurance must be purchased for this purpose.

Work has been started to eliminate the confusion caused by the fact that different dental organizations are handling similar plans. A combined meeting has been held by the C.D.A., R.C.D.S., O.D.A. and the Academy, together with other local dental organizations in Ontario, to try to co-ordinate the whole insurance field this year, and it is to be hoped that 1963-64 will see real progress in this direction.

A Sickness and Accident program is now being developed for the Dental Nurses and Assistants and it is to be hoped that this will be ready for presentation to our members in the Fall of this year. You have already received some literature regarding this program.

Any questions you have pertaining to our policies would be most welcome by the Insurance Committee. In closing I would like to thank all those who have helped me in the past year.

JOHN R. GLENNY, *Chairman*
Insurance Committee.

EMERGENCY SERVICE ROSTER

The after hours emergency service care sponsored by the Toronto Academy of Dentistry completed another busy year. Last year 175 men served on the roster. There were 32 new volunteers and 18 dentists removed their names from the roster. The service handled on the average, 5 calls per night, 19 calls per Saturday, 21 calls per Sunday and 30 calls per holiday. This project is designed to promote better relations with the public. It is desirable that many dentists take part.

SECRETARY'S REPORT 1962-63

A successful year under the competent leadership of Dr. J. H. Mullett showed an increased membership, consisting of 805 members, including 69 complimentary members, 36 honorary and 9 Honorary Life members.

Our program format was changed this year. The opening affair was the annual Academy Golf Tournament on the 12th October, which was well played according to the contestants.

On the 22 of November 1962, the Winter Clinic, under the chairmanship of Dr. R. Grainger, was an outstanding success. The basic theme of the "practical" aspects of dentistry was emphasized, but at no time compromised the highest standards of practice. The luncheon speaker, Dr. H. K. Brown, an outstanding authority on water fluoridation, helped tie in with the upcoming plebiscite to be held in Toronto. The whole Winter Clinic Committee is to be congratulated.

Dr. Gordon Brown, chairman of the Dental Public Health Committee, spearheaded a very active pro-fluoridation program. Only Dr. Brown knows the endless hours spent, the many frustrations, and the selfless support of his committee and many volunteer workers. The successful conclusion of the plebiscite is in no small measure due to the work of this group.

The 11th of January saw our dinner dance at the Granite Club arrive, and its success can be gauged by personal testimonials and a fairly small deficit.

The first two Stated Meetings, held in the Faculty Auditorium had record attendances. Dr. Ralph Sommer speaking on endodontics at the first meeting, was a stimulating and well informed lecturer — Dr. J. A. Pedler, head of the department of oral diagnosis at the Faculty of Dentistry, Toronto, comprehensively covered the topic "White Lesions of the Oral Mucosa". The Third Stated Meeting was an all-day effort held at the Seaway Hotel. Dr. Edgar Miller covered and demonstrated the area of "The dental operating team" and a special session was donated to our auxiliary personnel, who were invited to attend with their dentists.

The year was formally closed at the Annual Dinner, held on the 3rd of April. The speaker, Mr. Tom Tyson, was entertaining and informative, as he explored various areas of the Glassco Report. Dr. Mullett handed over the gavel of office to Dr. Grainger to complete the evening.

Many other areas of activity were busily cared for during the year; The Dental Assistants' Course, the Mediations Committee, the Emergency Service Roster, to name a few. The Insurance Committee's work expanded considerably this year and will probably do so even more next year.

The Academy of Dentistry Prize was awarded to Mr. D. W. Carscadden at the Faculty of Dentistry, University of Toronto, to whom we offer our congratulations.

The Council publicly thanks its Executive Secretary Mrs. K. Montgomery for her understanding and competent aid which each Council member has generously received.

Respectfully submitted,
J. E. CARSON MCGOWAN.

AUDITOR'S REPORT

The Academy of Dentistry,
230 St. George Street,
Toronto, Ontario.

Gentlemen:

Re: Annual Audit — March 31st, 1963

I hereby certify that I have made a detailed examination of the books and records of Receipts and Disbursements for the year ended March 31st, 1963, and attach the appropriate certified statements relating thereto.

The credit balance of \$6,379.94 with the Toronto General Trust Company's branch at 36 Bloor Street West has been confirmed and a certificate secured stating that they hold Dominion of Canada Bonds amounting to \$8,000.00 for the Academy.

Respectfully submitted,

D. H. STODART.
Chartered Accountant.

Toronto, Ontario.
May 14, 1963

STATEMENT OF ASSETS — MARCH 31st, 1963

Cash in Bank	\$ 6,379.94
Furniture and Fixtures	1.00
Dominion of Canada Bonds	8,000.00
Equity at March 31st, 1963	\$14,380.94

Referred to in my report of this date and attached.

D. H. STODART.
Chartered Accountant.

Toronto, Ontario.
May 14, 1963.

FINANCIAL STATEMENT

For Year ended March 31, 1963

HONORARY LIFE MEMBERSHIP 1963

DR. DON W. GULLETT

Dr. Don W. Gullett is being honoured this year by the Academy of Dentistry, Toronto for his many outstanding contributions to organized dentistry both in Canada and abroad.

Dr. Gullett's great achievement has been to help forge the Canadian Dental Association, which is the strongest unifying force in Canadian dentistry at this time. He has been a frequent consultant to Government agencies and has become internationally recognized as a student of dental public health organizations and legislation. He

has given unstintingly of his knowledge to all the councils and committees of the C.D.A., providing background information and leadership often without any personal recognition.

Dr. Gullett was born in Wellman's, Hastings County, Ontario, and took his early education at Syracuse, N.Y. and Picton, Ontario. He graduated from the School of Dentistry of the Royal College of Dental Surgeons of Ontario in 1923 and returned to Picton to practise dentistry until 1940, when he was appointed Secretary of the Royal College of Dental Surgeons. In 1942 he was also appointed Secretary of the Canadian Dental Association, which post he continues to fill after relinquishing the R.C.D.S. position in 1956.

Dr. Gullett has been honoured by many societies over the years, and is a Fellow of the American College of Dentists (of which he was President 1959-60), an Honorary Fellow of the International College of Dentists, a Fellow of the Royal College of Surgeons of England, an honorary member of the American Dental Association, and the British Dental Association, as well as numerous other organizations. He has also been awarded honorary degrees by Dalhousie University (L.L.D.), University of Montreal (D.D.S.) and Temple University, Philadelphia (Doctor of Science).

He is married to the former Alice G. Windover, has 3 children who have provided him with several grandchildren, and his hobbies include studying history, gardening and woodworking.

PAST PRESIDENTS OF THE ACADEMY OF DENTISTRY

The Past Presidents of the Toronto Dental Society are identified as Past Presidents of this Academy. Below is a list of the Past Presidents indicating the year they held office:

*1891-92	N. Pearson	1927-28	R. S. Woollatt
*1892-93	J. B. Willmott	1928-29	W. B. T. Amy
*1893-94	N. Pearson	*1929-30	T. E. C. Butler
*1894-95	W. H. Wunder	1930-31	E. C. Veitch
*1895-96	G. S. Martin	1931-32	J. W. McDonald
*1896-97	H. E. Eaton	1932-33	T. R. Marshall
*1897-98	A. J. McDonagh	1933-34	E. A. Grant
*1898-99	J. E. Wilkinson	1934-35	Frank Martin
*1899-1900	J. B. Willmott	*1935-36	Wm. J. Kerr
*1900-01	A. E. Webster	1936-37	S. S. Crouch
*1901-02	F. D. Price	1937-38	Harvey W. Reid
*1902-03	W. E. Willmott	*1938-39	Harold Hoag
*1903-04	G. S. Martin	1939-40	Wm. G. Trelford
*1904-05	C. E. Pearson	1940-41	Edmund T. Guest
*1905-06	W. G. L. Spaulding	1941-42	Stewart A. MacGregor
*1906-07	J. B. Willmott	1942-43	Lloyd M. Grose
*1907-08	R. G. McLaughlin	1943-44	Charles McLean
*1908-09	A. J. McDonagh	1944-45	Harold Skilling
*1909-10	H. E. Eaton	*1945-46	Harold A. Swales
*1910-11	A. E. Webster	1946-47	H. Colton Bliss
*1911-12	A. D. A. Mason	1947-48	F. Harold Shepherd
*1912-13	C. A. Kennedy	1948-49	J. H. Johnson
*1913-14	W. E. Willmott	1949-50	E. A. White
*1914-15	G. W. Grieve	1950-51	Earl Bancroft
*1915-16	F. C. Husband	1951-52	Mark G. Boyes
*1916-17	E. F. Arnold	1952-53	J. Gordon Chalmers
1917-18	W. B. T. Amy	1953-54	E. J. Henderson
*1918-19	J. E. Rhind	1954-55	W. James Smith
*1919-20	R. D. Thornton	1955-56	J. Bevan King

HAROLD KEITH BOX MEMORIAL LECTURE

Tuesday, October 15th, 1963

8:15 p.m.

Faculty of Dentistry

Speaker:

LESTER, R. CAHN, D.D.S., Sc.D., F.D.S., R.C.S. (Eng. and Edin.)

Professor of Oral Pathology, Faculty of Medicine,

Columbia University, New York City

Subject:

“GENO STOMATOLOGY”

Dr. Cahn will discuss diseases which are the result of inheritance, whether of dominant or recessive trait. Bone dysplasias affecting the jaw, mucosal changes, and certain blood dysplasias with manifestations in the mouth which are related to inherited influences will be illustrated and discussed.

Dr. Cahn is the author of “Pathology of the Oral Cavity”, two other texts, and many articles in the periodical literature.

MESSAGE FROM THE PRESIDENT

The Academy of Dentistry, Toronto, throughout its long history, has given leadership, not only in the scientific field of dentistry, but also in the field of health welfare of its community, by its active interest and assistance in fluoridation. The Academy has proven that by group effort and teamwork, much can be accomplished.

As we view the changing pattern in health services, we realize that the same group effort and effective teamwork will be required to solve problems and meet challenges these changes may bring.

The Canadian Dental Association greets you and extends best wishes for continuing success and accomplishments.

JAMES ZIMMERMAN, President
